

Inji Mammadli | UX/Product Designer

mammadlinji@gmail.com | [LinkedIn](#) | [Portfolio](#) | +1 (929) 289-3174 | New York, NY

Pursuing a second master's at Parsons, with expertise in user research, storytelling, and data analysis. My first master's in Advanced Marketing sparked a passion for solving problems and driving change. Former Visual Designer and Marketing Assistant at Deloitte, where I refined skills in design and strategy. Passionate about crafting user-centered solutions shaped by empathy, collaboration, and curiosity about how people think.

PROFESSIONAL EXPERIENCE

UX/UI Designer | Webzool Creative Inc. Oct 2023 - Oct 2024 | Remote

- **Redesigned an internal timesheet platform**, improving usability and workflows by collaborating with cross functional teams and working directly with developers for implementation. Simplified navigation and optimized for mobile responsiveness, enhancing overall user efficiency.
- **Developed UX strategy** for a restaurant website and promotional landing pages, performing analysis and creating site-maps, which reduced overall development and design time for the team.

Deloitte and Touche LLAC. | Visual Designer/Marketing Asst. Feb 2023 - Sep 2023 | Baku, AZ

- **Executed B2B marketing strategies** in collaboration with the business development team, increasing lead generation.
- **Optimized brand website** post-AEM certification and analyzed key metrics using Sprinklr CRM, resulting in a 15% improvement in engagement rates and more effective targeted marketing strategies.

Layermark Inc. | Marketing Intern Jun 2020 - Sep 2020 | Ankara, Turkey

- Crafted a content plan for the company's YouTube channel, increasing subscribers by 15%. Designed diverse content, documents and brochures, elevating the company's brand image.
- Participated in field conferences and training, gaining insights into GIS systems.

INVOLVEMENT | VOLUNTEER UX/UI DESIGNER

Space Agency of the Republic of Azerbaijan (Azercosmos) Live site: <https://azercosmos.az/en>

Collaborated as an outsourced designer with a 10-person local and international team, assisting in sitemap planning, local data collection, visual UI design, and seamless implementation with developers.
